## International and Foreign Language Education International Resource Information System

### WELCOME

Congratulations on receiving a grant award for a Title VI, and/or Fulbright-Hays project. The U.S. Department of Education (US/ED) requires grant recipients to administer their projects efficiently and to submit annual and final performance reports about project objectives, impacts, and outcomes.

The International Resource Information System (IRIS) online information system provides access to screens that allow grantees to conduct the day-to-day administrative tasks related to the funded project as well as submit the required performance reports.

Click on a tab on the Home page to be directed to the relevant screens and instructions for initiating and completing administrative or reporting tasks.

Please be advised that although various project staff may participate in the administration and reporting activities associated with the project, the "Project Director" named on the grant award documents is the only person that the US/ED authorizes to submit the annual and final performance reports on behalf of the grantee.

The IFLE program officers are available to assist you with project-related questions. If you have system-related questions, please contact IRIS Help Desk at the [Contact Us](#) link.

This is a United States Department of Education computer system, which may be accessed and used only for official Government business by authorized personnel. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action.

## International Travel Approval Request

Create an international Travel Approval Request (TAR) for each individual. (A TAR is required if grant funds are supporting any cost associated with the travel, e.g., per diem, air fare, ground transportation.)

- Click the "Add a Travel Approval Request" button to create a TAR.
- IRIS will notify your program officer by email when the TAR is submitted.
- Once the TAR is approved or disapproved, IRIS will send you an email with additional information from your program officer.
- Approved TARs can be updated and resubmitted to US/ED for review.

The TAR must be submitted to US/ED at least 30 days prior to the traveler's departure.

## Performance Measure Form

In your application PMF, you entered planned Project Goals, Performance Measures, and Activities. For the purpose of evaluating your project's performance during the grant period, please enter these Project Goals, Performance Measures and Activities below. Add Data/Indicators for all Activities, and Baseline and Target units of measure for each Performance Measure. When completing the Annual Performance Report, you will provide the "Actual" units of measure at the time of reporting, to be assessed against the Targets.

- Click the "Add a Project Goal" button to enter Project Goals. Each project may have up to five Project Goals. The Project Goals do not have to encompass all of the goals of your project. They should be the goals that are most representative, in terms of time and funding, of what your project is supposed to accomplish. They are the goals that will be used to determine if your project is making substantial progress. Please complete a Performance Measure Form (PMF) for each Project Goal.
- To update or delete a Project Goal or other element, click the "Update" or "Delete" link under Action.

## Performance Measure - Project Goal

In your application PMF, you entered planned Project Goals, Performance Measures, and Activities. For the purpose of evaluating your project's performance during the grant period, please enter these Project Goals, Performance Measures and Activities below. Add Data/Indicators for all Activities, and Baseline and Target units of measure for each Performance Measure. When completing the Annual Performance Report, you will provide the "Actual" units of measure at the time of reporting, to be assessed against the Targets.

- Click the "Add New Performance Measure" button to enter Performance Measures for each Project Goal. Each Project Goal must have at least one, and no more than three, performance measures. The performance measures should be both objective and time-bound. Make sure the units of measure (e.g., number of courses, number of students, etc.) are well defined.
- Click the "Add New Activity" button to enter Activities for each Performance Measure. Briefly describe the major activities that the institution will undertake to achieve each performance measure. Each performance measure must have at least one, and no more than three, activities.
- Click the "Add New Data/Indicator" button to enter Data/Indicators for each Activity. Briefly describe the data or indicators that will be used to track the progress of each Activity. Each Activity must have at least one, and no more than three, indicators. One of the indicators should be synonymous with the Performance Measure, and the other indicators should help track progress toward meeting the Performance Measure (since the Performance Measure might not change from the baseline in the early year(s) of the grant, supporting indicators are used to track and demonstrate progress).
  - Frequency - For each indicator, enter the period of measurement (e.g., quarterly, by semester, or annually).
  - Data Source - For each indicator, enter the source of the data (e.g., center records or university registrar).
- When entering performance indicators, consider what types and sources of data will best demonstrate that the project is achieving, or will achieve, its objectives. Identify the data that can serve as indicators or benchmarks that the project is meeting, or will meet, the intended outcomes, and that will most effectively demonstrate the project's impact. Also address:
  - How will the data be collected? Describe access and frequency.
  - How will the data be analyzed and reported? Describe the methodology and key personnel responsible.
- To update or delete a Project Goal or other element, click the "Update" or "Delete" link under Action.
- Baseline (BL) and Targets (T1-T4) - Enter the total units of each performance measure (e.g., number of courses, number of students, etc.) at the time that the project commences as the "Baseline." The "Targets" are the planned incremental increase. For Targets, enter the planned total units of each performance measure at the time that the Annual Performance Report is submitted for each year of the grant. When completing the Annual Performance Report, provide the "Actual" units of measure at the time of reporting. Be sure to select numerical Targets that will show progress, but will also be realistic and achievable.

## Diverse Perspectives and Areas of Need

20 U.S. Code Â§1122(e) requires that each institution of higher education or consortium of such institutions desiring a grant under this section shall submit an application to the Secretary at such time, in such manner, and accompanied by such information and assurances as the Secretary may require. Each such application shall include:

1. an explanation of how the activities funded by the grant will reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs; and
2. a description of how the applicant will encourage government service in areas of national need, as identified by the Secretary, as well as in areas of need in the education, business, and nonprofit sectors.

## Priorities

Select which program priorities your project addresses by clicking the Yes radio button. Describe the grant activities conducted during the reporting period that addressed the announced program priorities, and indicate whether grant (or matching) funds were used to support the activities.

**NRC Competitive Preference Priority 1:** Applications that propose significant and sustained collaborative activities with one or more Minority-Serving Institutions (MSIs) or with one or more community colleges. These activities must be designed to incorporate international, intercultural, or global dimensions into the curriculum at the MSI(s) or community college(s), and to improve foreign language, area, and international studies or international business instruction at the MSI(s) or community college(s). (limit 2000 characters and spaces)

Characters and Spaces:

**NRC Competitive Preference Priority 2:** Applications that propose collaborative activities with units such as schools or colleges of education, schools of liberal arts and sciences, post-baccalaureate teacher education programs, and teacher preparation programs on or off the national resource center campus. These collaborative activities are designed to support the integration of an international, intercultural, or global dimension and world languages into teacher education and/or to promote the preparation and credentialing of more foreign language teachers in less commonly taught languages (LCTLs) for which there is a demand for additional teachers to meet existing and expected future kindergarten through grade 12 language program needs. (limit 2000 characters and spaces)

## Diverse Perspectives and Areas of Need

20 U.S. Code Â§1122(e) requires that each institution of higher education or consortium of such institutions desiring a grant under this section shall submit an application to the Secretary at such time, in such manner, and accompanied by such information and assurances as the Secretary may require. Each such application shall include:

1. an explanation of how the activities funded by the grant will reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs; and
2. a description of how the applicant will encourage government service in areas of national need, as identified by the Secretary, as well as in areas of need in the education, business, and nonprofit sectors.

### Areas of National Need as identified by the Secretary of Education

1. Please give examples of how the activities funded by the grant reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs. (limit 2000 characters and spaces)

Uploading course records imports course records from a pre-formatted Excel spreadsheet directly into the system.

## Instructions to Upload Course Records

### Step 1: Download the pre-formatted Excel spreadsheet for this screen.

1. Click [here](#) to save a copy of the spreadsheet to your desktop.
2. You must use Microsoft Excel to enter data into the downloaded spreadsheet.
3. If you are unable to read the downloaded spreadsheet file or if you are unable to view the drop-down lists (such as for languages), contact the help desk at [irismail@cds2helpdesk.com](mailto:irismail@cds2helpdesk.com) for assistance.

### Step 2: Enter course records into the spreadsheet

#### I. General Information

- If there is a drop-down list for a column, it will say so on the second line. You must use the dropdowns for these columns. Select the most appropriate choice from the list. To display the drop-down options for a field, click on the cell and then on the arrow that appears to the right of the cell. You will see the possible selections for that field and may select only from those values. (Note that you cannot click on the dropdown in the heading row.)
- For Language and Classroom Instructor columns, if the list doesn't have the appropriate value, enter the other value into the "other" column.
- You may use the copy and paste function whenever the same information must be entered many times.
- If the value you enter in a field exceeds the maximum specified, the value will be cut off at that point.
- Save and backup your copy of this file in your records frequently.
- **No more than 1000 course records can be uploaded from one spreadsheet.**

#### II. Specifics for Language Course Records:

**Course Title:** Enter the title of the course as listed in your institution's course catalog.

**Course Number:** Enter the number of the course as listed in your institution's course catalog.

**Language:** Select the language taught in the course from the drop-down list. If the language is not the list, enter the language into the "Other" column.

**Level:** Select the level of the course at the institution by choosing from the drop-down list.

**Semester/Quarter:** Select the semester or quarter in which the course was given from the drop-down list.

**Contact Hours/Week:** Enter the number of classroom contact hours per week.

**Is course supported with Title VI monies?:** If this course was supported with Title VI NRC funds, select "yes," otherwise "no."

**Is course a new offering?:** If the course wasn't previously offered at your institution, select "yes," otherwise "no."

**Comments:** Enter any further information you would like included with this course record. Limit 1000 characters.

#### Course sections

**Create a record for each section of a course.** If only one section was offered, only one record is needed. If five sections were offered, then five course records should be entered — one for each section.

**Section:** Indicate the number of the section from your institution's course catalog.

**Classroom Instructor:** Select the type of the instructor for this section from the drop-down list. If the correct type is not on the drop-down list, enter the type into the other instructor column.

**Enrollment:** The total number of enrolled undergraduate, graduate and other student enrollment in this section of the course must be greater than zero. Zero should be entered if a student type does not apply.

### Step 3: Uploading the spreadsheet

1. After you have entered all of your courses and sections, in Excel, save the spreadsheet as a **CSV** type by clicking on "Save As" and selecting Save as type "CSV (Common delimited)".
2. Return to this screen and click the "Browse..." button below. The File Upload window shows files available on your computer. Find your CSV file and click on it, then click the "Open" button.
3. Please be sure you are uploading the course spreadsheet for language courses.
4. After a file is selected, click the "Upload Course Records" button. Click "OK" when asked to confirm that you would like this file to be uploaded.
5. The system reviews all the data while uploading. If the records upload successfully, the Language Courses page will display with a list of your courses and a message telling you how many records were loaded.
6. If there are 3 or more blank records in a row on the spreadsheet, the load will stop at that point.
7. If any records could not be uploaded, a list of the problematic records by row and column will display. Fix the problems on the spreadsheet and repeat Step 3.

**Records from a spreadsheet are saved only if there are no problematic course records. No partial uploads will occur.**

**Upload Course Spreadsheet:** Select the .CSV file from your desktop

- **No more than 1000 course records can be uploaded from one spreadsheet.**

#### II. Specifics for IAS Course Records:

**Course Title:** Enter the title of the course as listed in your institution's course catalog.

**Course Number:** Enter the number of the course as listed in your institution's course catalog.

**Semester/Quarter:** Select the semester or quarter in which the course was given from the drop-down list.

**Contact Hours:** Enter the number of classroom contact hours per week.

**Discipline:** In each course record, select at least one discipline as listed in your institution's course catalog. Three disciplines can be specified for each course in the disciplines columns. If a discipline is not in the drop-down, enter that discipline in the "Other Discipline" column. If a course has more than three disciplines, specify additional disciplines in the "Other Discipline" column as well.

**Is course supported with Title VI monies?:** If this course was supported with Title VI NRC funds, select "yes," otherwise "no."

**Is course a new offering?:** If the course wasn't previously offered at your institution, select "yes," otherwise "no."

**Nature of Revisions/Enhancements:** If the course has been previously offered at your institution, select the type of revision or enhancement to the course, if any, from the drop-down list. If the revision/enhancement is not on the drop-down list, enter that revision in the "Other Revision" column.

**If this course can be applied toward a professional or pre-professional program:** If the course can be used to meet requirements for achieving a professional degree at your institution, select the professional degree program from the drop-down list. If the program is not on the drop-down list, enter the program in the "Other Program" column.

**Comments:** Enter any further information you would like included with this course record. Limit 1000 characters.

### Course sections

**Create a record for each section of a course.** If only one section was offered, only one record is needed. If five sections were offered, then five course records should be entered — one for each section.
